## TOWN AND COUNTY.

## BREVITIES.

Nick Hammersmith is up from Wadsworth.

Mrs. Alt's popular dancing school tonight.

James Edoff came in from Elko last night.

Jacob Klein, of Carson, was in town yesterday.

Lonkey &amp; Smith were down from Verdi last night.

M. T. Coals is now the miller at the Silver Star Mills.

Leavitt's Specialty Company at the Nevada Theater to-night.

R. L. Fulton and B. F. Leete departed for San Francisco last night.

Hon. Geo. F. Hills, of Storey, came down from the Capital last night.

No person by the name of Wyatt has any connection with the JOURNAL.

There are only seven miners at work in Lewis District, Lander county.

McClellan's picture of Reno of twenty years ago now adorns the Lake House bar room.

Judge Boardman's bald-faced horse was seen a few days ago out in the Pyramid country.

A caucus of the Republicans has been called for this evening to take action upon the Warden proposition.

Thos. Ackley, who claims to be a Catholic priest, arrested for being drunk and disorderly, will be heard by Justice Young this morning.

Dr. Pierce's "Pelllets"—little liver pills (sugar-coated)—purify the blood, speedily correct all disorders of the liver, stomach, and bowels. By druggists.

The newly painted and upholstered Virginia and Truckee passenger train was out on the road for the first time last night. Conductor Havenor has grown an inch.

The Senate yesterday passed a bill making the Lieutenant Governor ex-officio Adjutant General, with a salary of \$3,000 per annum. The Warden bill will now be killed.

We are under obligations to Senator James G. Fair for a copy of the "Memorial Addresses on the Life and Character of Fernando Wood," delivered in the House of Representatives, February 28, 1881, and published by order of Congress. It is elegantly printed, and is bound in the highest style of the art.

Following is the vote on the bill making Lieutenant Governor ex-officio Adjutant General at \$3,000 per annum, or \$12,000 for the term: Ayes, Brumsey, Dennis, Gallagher, Hammond, Henderson, Marker, Senator McConnell, Parker, Smyth, Taylor, Tolley, Westerfield, Smyth voted in the affirmative for the purpose of giving notice of a motion to reconsider.

Jerry Schooling yesterday transferred to Messrs. Gallatin &amp; Folsom his stock and good will. During the time he has been in business in Reno Senator Schooling has had his share, and had he continued on would have always done well. He will be greatly missed from his accustomed place. The JOURNAL wishes him prosperity in whatever he may engage in in the future, and is glad to know he will still abide with us.

Tuscarora Mines.

The Tuscarora Mining News says "the work of developing and prospecting the mines goes steadily on. Evidences of the improvement of the known existing ore bodies, and of the approach of drifts to ore bodies not now being developed, is constantly received. Grand Prize and Argenta are each doing important work, and have found indications that should encourage stockholders. The North Belle Isle shaft has passed its 300 level and is progressing downward at the rate of 11 feet per week. On reaching the 400 level sinking will be stopped, when drifts and crosscuts will be driven. Navajo, Belle Isle and Independence are looking well. The ore body in Navajo widens and improves in quality as depth is attained, while the drift in Belle Isle and Independence continually show seams and bunches of good ore. The Elko Con. comes to the front with some fine looking rock carrying a large per cent. of gold. An average assay gives \$101.29 in gold and \$91.66 in silver. A picked specimen brought to this office assays a total of \$300."

Silver in the Washoe Lake Hills.

The Virginia Chronicle says Ed. Arria, who has been prospecting in the hills near Washoe Lake, has recently struck some good silver ore. In one of his mines he says he has a streak of silver ore three feet thick that is very rich. He has three men at work, and saves all the paying ore he finds.

## The Eureka Sentinel's Scheme to Reduce Taxes.

The Eureka Sentinel says: "There was considerable talk shortly after the Legislature convened of a proposition to unite some of the counties of the State and thereby reduce the number of county governments. This we conceive to be a measure, the importance of which overshadows anything that has so far come up for legislative discussion, and we are somewhat surprised that, up to the present, nothing material seems to have been reached in the consideration of the matter, if, in fact, the proposition is not kept entirely in abeyance. It is universally known that no further very considerable reduction can be made in the expenses of our State government except by Constitutional amendment. Even the saving thus calculated on is insignificant when compared with the possible reduction of expenditure in county government. This is the leak at the bung-hole. The tax for the State is 90 cents on the \$100. For county purposes it is as follows, exclusive of the cost of municipal government: Churchill, \$1.90; Douglas, \$2.10; Elko, \$1.85; Esmeralda, \$2; Eureka, \$1.70; Humboldt, \$1.70; Lander, \$3; Lincoln, \$2.85; Lyon, \$2.15; Nye, \$2.35; Ormsby, \$2.35; Storey, \$2; Washoe, \$1.35; White Pine, \$2.50.

Now, why could not Storey, Lyon, Ormsby and Douglas be merged into one? Why might not Washoe and Churchill be consolidated? And, to carry the process of unification further, why not Eureka and White Pine be placed under one county government, the same of Humboldt and Elko, of Lincoln and Nye and Lander and Esmeralda? This arrangement would reduce the number of expensive and burdensome county governments from fourteen to five, thus lopping off nine county organizations. Of course this is merely a hint, and is not thrown out arbitrarily. As to the particular counties to be brought together under the same government, that can be determined better by those immediately affected by the consolidation. We merely make the suggestion, in an entirely unofficial way, for those in office to consider. If only one or two county organizations could be wiped out there would be an almost immediate rebound in matter of finance that would result in profound relief. As a striking example of what we aim at, of what earthly necessity is the county government of Lyon county? Why could not the people's money, obtained by onerous taxation to keep it up, be saved by annexing Lyon to Storey? Pretty much all that there is of both counties is comprised in a circle, the radius of which is five or six miles. But the matter of distances, which is an obstacle in the consolidation of counties having large areas, such as Lincoln, Nye, Esmeralda, Humboldt and Elko, is not of sufficient seriousness to counter-balance the great saving involved in the proposition we are discussing. The inconvenience of a few citizens is not to be considered as against economy in the interest of all.

As we have said, the project of consolidating as many counties as practicable we believe is of overshadowing importance, and it is to be hoped that it will meet with all the consideration from the Legislature that its seriousness at the present time demands. This article on the subject is entirely crude, of course, but if it tends in any way to elicit interest and call attention to the matter, which seems to have fallen into the background, its purpose will have been fully accomplished."

## A CARGO OF CARP.

To be Distributed in the Western States and Territories.

A Washington dispatch of January 29th, reads as follows:

Young carp were shipped for the West last night. This consignment is intended to supply those States which are somewhat inaccessible. They will be distributed among the following States and Territories: Texas, New Mexico, Arizona, California, Nevada, Washington, Oregon, Idaho and Wyoming. The shipment goes a large part of the way over the Pennsylvania railroad, which has established a special rate for the purpose. It is attached to one of the fast trains. The car is especially fitted up for the purpose of carrying young fish of all kinds. It is provided with refrigerating apparatus of the most approved construction. The greater part of the weights is placed in the bottom of the cars, so as to avoid top heaviness. Five messengers accompany the shipment, and it is necessary that two be on hand day and night to watch the fish and crates of water. The present shipment is somewhat of an experiment, as there are certain new features in this car that have never been tried. If these fish get through in safety German carp will be colonized in every State and Territory of the Union. Most favorable reports are received from every direction of the growth of these fish.

## Land for Sale.

Seventy acres of fine land on the Truckee Meadows, fenced and well watered, are offered for sale for \$2,500. For particulars enquire at this office. See 50 cent column.

## Circular of Instructions for the Prevention of Frauds in Public Land Entries and Relinquishments.

DEPARTMENT OF THE INTERIOR,  
GENERAL LAND OFFICE,  
WASHINGTON, D. C. Jan. 12, 1883.

REGISTERS AND RECEIVERS, U. S. LAND OFFICES.—GENTLEMEN:—The following instructions are communicated for your information and guidance. You will be strictly governed thereby and will exercise the greatest vigilance and employ the most decisive action in carrying the same into effect:

Whenever relinquishments of pre-emption, homestead, or timber culture filings or entries are presented at your office within such time after entry, or under such circumstances in respect to actual or presumptive date of the execution of such relinquishments, or in respect to the sale or traffic therein, or otherwise, as to afford reasonable ground to believe that the filing or entry was fraudulently made for speculation and not in good faith as required by law, you will withhold your acceptance of such relinquishments and report the facts to this office.

Section 2 of the Act of June 14, 1878, requires a timber culture applicant to make oath that his filing and entry is made for the cultivation of timber and for his own exclusive use and benefit, and that he makes the application in good faith and not for the purpose of speculation or directly or indirectly for the use or benefit of any other person or persons whomsoever, and that he intends to hold and cultivate the land and to fully comply with the provisions of the Act.

Obviously a timber culture entry cannot have been made in good faith when the relinquishment thereof is executed at the time of entry or is immediately thereafter offered for sale, or offered for sale at any time as a matter of speculation.

The fact that a relinquishment of any filing or entry is executed at the date of filing or entry or immediately thereafter is of itself sufficient evidence that the filing or entry was fraudulently made. Relinquishments in such cases will be promptly rejected and the facts reported to this office. When the evidence of relinquishment at date of entry is conclusive or ascertainable you will also report the facts to the U. S. District Attorney or enter complaint before the nearest U. S. Commissioner, in order that parties guilty of taking false oaths or fraudulently attempting to enter public lands may be criminally prosecuted.

Where relinquishments are executed in blank and the dates subsequently filled in, the relinquishment will be deemed, for the purpose of adjudication by this office, to have been executed at date of entry.

The fact that a relinquishment of an entry or filing is at any time put in the market as a matter of common sale and speculation or that such relinquishment is in any manner made the subject of speculative negotiation, is presumptive evidence that the claim was fraudulent in its inception.

This presumption may be overcome by proof showing the circumstances under which the entry is proposed to be relinquished where such circumstances afford sufficient grounds for the relinquishment without impeaching the good faith of the entry. But the burden of proof in such cases will be upon the entry man to show his good faith, and the evidence must be clear and convincing.

The first Section of the Act of May 14, 1880, provided that when a pre-emption, homestead, or timber culture claimant shall file a written relinquishment of his claim in the land office, the land covered by such claim shall be held as open to settlement and entry without further action on the part of the Commissioner of the General Land Office.

This Act refers to bona fide relinquishments of bona fide entries. An entry fraudulent in its inception is not an entry capable of being relinquished. It is an entry to be canceled upon a proper showing of the facts and circumstances of the case, whereupon the land will become subject to proper entry by the first legal applicant.

Purchasers of relinquishments of fraudulent filings or entries should understand that they purchase at their own risk so far as the United States is concerned, and must seek their own remedies under local laws against those who, by imposing such relinquishments upon them, have obtained their money without valuable consideration.

Very respectfully,  
N. O. McFARLAND,  
Commissioner.Approved: Jan. 5, 1883.  
H. M. TELLER, Secretary.

## Two of the Central Pacific Train Robbers Captured, and Their Companions Besieged in Their Stockade in the Mountains.

SALT LAKE, Jan. 29.—To-night at 10 o'clock Mr. Dooley, Agent of Wells, Fargo &amp; Co., received a telegraphic message, dated at Desert, Utah, stating that Orrin Nay and Frank Hawley, two of the robbers engaged in the Central Pacific train robbery, had been captured and had just been brought to that place by J. S. Black. It seems that an attacking party had been organized, who went to Swasey Springs, thirty-five miles north of Desert Station, on the Utah Southern Railroad. The attacking party surprised two of the robbers, Nay and Hawley, at a horse corral or range. When they were ordered to surrender they began firing. Seventy-five shots were exchanged. The horses of the two robbers were killed and Nay was mortally wounded, being shot through the body and legs. The attacking party received no injuries. Hawley was also shot through the legs. Their comrades—Frank Francis, Raw Anderson and Cubbea—are in their stockade, and are surrounded by a party sent by Dooley from Desert. The besieging party are expecting to be reinforced by a party commanded by Officer Deal and Sheriff Brown, of Ogden, sent out by the Central Pacific from Montello. This party was at Deep Creek Friday, and would make the junction to-day. The robbers are well fortified, and it may be found necessary to use a howitzer to dislodge them. The wounded robbers confess all. They were engaged in the Deep Creek robbery, as well as the attack on the Central Pacific train. They say they wanted to make one good haul and then retire. They will be brought to this city to-morrow, arriving at 10 o'clock A. M.

## The Minstrels.

The Enterprise of yesterday morning gives Leavitt's Specialty Company the following line send-off for its performance at Piper's Opera House Monday evening: "A crowded house welcomed Leavitt's Specialty Company last night at the Opera House. The company gave a splendid performance, pleasant in every feature, perfect throughout and fully deserving the applause and accolades showered upon every act. The Four Diamonds are fine singers and dancers. Bonnie Rannels is very funny in his songs and sketches. Miss Flora Moore, who appeared here on a former occasion, was received with demonstrations of regard and cheered until exhaustion forced her to refuse further calls before the curtain. She has a remarkable, clear, high soprano voice, performs her special acts with taste and sings with the elan of an experienced opera singer. She is a first-class artist, and deserved the hearty acknowledgments she received at the hands of the audience. The specialties of the St. Felix Sisters proved to be the gem of the evening. They sing well, and their acts possess a freshness and novelty seldom witnessed on the variety stage. They do everything with such perfect accord and in so harmonious a manner as to render their performance the actual feature of the entertainment. The audience expressed its pleasure at their acts with numerous recalls, and all three young ladies have reason to feel proud of their reception last night. Chalet, the ventriloquist, and Mile. Alphonsine, on the revolving globe, were very good in their respective performances, though neither novel nor startling. The company is first-class throughout, the best that has appeared at the Opera House for many years, and can satisfy and gratify the most fastidious lovers of amusements."

## Hitch Ore.

Mr. McCurdy, of Paradise Valley, Humboldt county, has deposited in the State cabinet some splendid specimens of ore from the Bullion mine in that locality. The Carson Tribune says the specimens contain ruby and wire silver in large quantity; the one piece exhibited assays \$400, and the larger \$1,000 and over. The ledge is broad and carries every evidence of continuity and the existence of a veritable bonanza is looked for by the fortunate owners of the property. Mr. McCurdy is a practical miner and millman, and knows whereof he speaks in reference to this new district.

## Mothers! Mothers! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINBLOW'S SOOTHING SYRUP. It will relieve the little sufferer at once—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere, 25 cents a bottle.

## Painting.

Farmers and others desiring a genteel, lucrative agency business, by which \$5 to \$20 a day can be earned, send address at once on postal, to H. O. Wilkinson &amp; Co., 195 and 197 Fulton St., New York.

## THE SIERRA BUTTES AND PLUMAS EUREKA MINES.

To Stockmen and Butchers.

SEALED PROPOSALS WILL BE RECEIVED up to noon on April 1st, 1883, by the undersigned, at No. 16, Hallock Block, San Francisco, for furnishing beef as required at the Plumas Eureka Mine, Plumas county, and the Sierra Buttes Mine, Sierra county.

The quantity required will be from 12,000 lbs. to 16,000 lbs. per month for each mine.

Beef must be of the best quality; no old stags, old cows or cows in calf, nor cattle weighing less than 400 lbs. will be received.

The cattle to be driven into the Company's Corral at each mine in droves of ten, more or less, as the Company's agent may elect, and to be fed and slaughtered at the contractor's expense. The Company to have the offal and the contractor the hides.

Bids may be made for supplying either or both mines and for one or two years.

Contract to commence on May 15th, 1883.

Bonds to the amount of \$5,000 will be required for each mine.

All bids to be marked on the outside, "Tender for Beef."

The Company does not bind itself to accept the lowest or any bid.

Further information may be had at the Company's office at the mines, or from the undersigned at San Francisco.
